8.1 CONCLUSION

It has been a great pleasure for us to work on this exciting and challenging project. This project proved good for us as it provided practical knowledge of not only programming in PHP application and no some extent windows application and MySQL, but also about all handling procedure related with “job searching”.

It also provides knowledge about the latest technology used in developing web enabled application and client server technology that will be great demand in future. This will provide better opportunities and guidance in future in developing projects independently.

TaskTracker website helpful to company & organization to manage projects with their task. we are always try to provide easy user interface to employee & IT company. employee can change status of own given task and this changed status see by administrator.
