LIMITATIONS & FUTURE EXTENSIONS

7.1 LIMITATIONS:

- Require more accuracy.
- Provide less functionality.
- In this no OTP system is available.
- In this no notification, message and e-mail facility available.
- Once task allocate to employee not deallocate the task
- Employee can not get email for password when admin add employee

7.2 FUTURE EXTENSIONS:

In an advance technology we provide more and more satisfaction to users.

- We provide newly arrived jobs and quickly than other.
- In the future we added OTP system to add employee.
- In future we gave a notification, message and e-mail facility.
- We can display notification to employee when little time is available for task to complete.
- We increase the more facilities as per the feature requirement.
- Add the communication system between employee and manager.
